

## Registration for Access to Digital Courseware

The National Skills Hub (NRSB) is providing access to digital course material for teaching and assessing 15 units of competency which together make up the Cert IV Rail Network Control qualification. The units are available separately to all registered training providers with Australian VET regulator approval to deliver the requested unit/s.

To receive access to free digital courseware for rail skills training, please fill in and sign this form and email it to [NRAP-secretariat@ntc.gov.au](mailto:NRAP-secretariat@ntc.gov.au)
